

The Music Program prepares its students to be excellent musicians and professionals in an ever-changing musical landscape and economy. Performance proficiency on the student's primary instrument serves as a gateway for musical, intellectual and philosophical expression both individually and channeled through LCC performance ensembles.

Additionally, the Music Program serves the greater Lansing community through educational outreach, internships, a musical outlet through our NCCE offerings and a variety of other ways. Reach out and see how you can be involved in the Music Program!

Learn more at lcc.edu/music.

HIGHLIGHTS

- Excellent performance ensembles available to majors, non-majors and community members
- Faculty active in their field of expertise: Grammy nominations, compositions featured on television and movies and thousands of concerts given.
- Both transfer and terminal degree options, as well as certificate programs
- Course offerings that fulfill LCC CORE and MTA requirements for majors and non-majors
